It follows two celebrated books by Karin Chenoweth: "It's Being Done," which established that the work of educating all children is possible, and "How It's Being Done," which examined the structures and processes necessary to support academic success. "Getting It Done" turns to the crucial issue of school leadership, exploring how school leaders have promoted unprecedented levels of school and student achievement.

### **ERIC - ED525684 - Getting It Done: Leading Academic ...**

Getting It Done was the first attempt to systematically marshal Ed Trust's unique resource of "It's Being Done" schools to better understand effective leadership. The results both align with previous research findings and points the field in new directions with insights from proven leaders.

"What I've found is that while everybody may procrastinate, not everyone is a procrastinator," says APS Fellow Joseph Ferrari, a professor of psychology at DePaul University. He is a pioneer of modern research on the subject, and his work has found that as many as 20 percent of people may be chronic procrastinators.
