Starting in 4th or 5th grade, I purchased a complete set of student workbooks for each child. Book 1 in each topic was put on the school book shelf. When Key to... was assigned, my children were free to work on whatever topic they chose, and they worked as much as they wanted. As soon as Book 1 in any subject was completed, it was replaced by Book 2.

Series is a wonderful curriculum. Our children do well at math, understand it, and are not afraid of it. Key to Geometry is an amazing hands-on course, but it does not meet the geometry needs of a high school student. It gives an intuitive understanding that helps with a later logic-based geometry course, though.
